PUBLIC COMMENT

CINDY SCHENANDOAH-STANFORD-(1052 Union Street, Oneida)

Ms. Shenandoah-Stanford advised that she was a business owner, cannabis entrepreneur and advocate and that she was here to ask the City to opt into Cannabis dispensaries and consumption lounges. She stated that opting in implies better control, and when controlled, it will serve people who need it for healing properties. She feels that people should be free to decide whether they want marijuana for recreational use or not at all. As there are no dispensaries or consumption lounges, she stated that without a place for people to purchase and consume marijuana, they will turn to the Black Market, which is dangerous. She shared her concerns about tainted marijuana and her desire to protect the children, consumers and the City. Ms. Shenandoah-Stanford stated that opting in will allow for control and safety, which she acknowledged is the main concern as business owners, as a community and as individuals.

JACOB CORNELL-(264 Genesee St., Oneida)

Mr. Cornell stated that it has been four months since he came before Council to ask that the City allow marijuana dispensaries and on-site consumption lounges within the City limits. He advised that the State has been moving to put legislation into place to allow for dispensary sales to begin and that they have already introduced provisional and conditional adult use marijuana licenses. He stated that as a licensed cannabinoid hemp retailer, he feels they are likely to qualify, noting that the Office of Cannabis Management has stated that licenses that are provisional will be issued to hemp retailers first, which might happen in the 2022 calendar year, as cultivation license applications opened today. He asked that the Council introduce a bill opting not only into marijuana dispensaries but also into on-site consumption lounges, so the City has adequate time to zone adult use marijuana businesses and establish hours of operation. Additionally, he asked the City to form a Cannabis, Vape, Tobacco and Alcohol Advisory Board, similar to what is being proposed in the City of Fulton, so business owners who sell age restricted products can stay better informed about City codes, share and communicate information with City leaders and local police and work together to keep cannabis, vape, tobacco and alcohol out of the hands of school children and prevent driving under the influence.

DAN BUTTERMAN-(14 Ford Ave., Oneonta)

Mr. Buttermann came to the meeting to introduce himself as a candidate running for the Assembly for the 122nd District. He stated that Oneida was in a unique position in that we will be electing a new Assembly member, a new Senator and a new Congress member in November, noting that he hoped to be the City's next representative. Mr. Buttermann advised that he has three goals: 1.) to get enough votes to be our representative, 2.) look at goals together in a nonpartisan way, looking past party issues to become a team and look for a better way to serve together, not only for Oneida, but for all the District, and 3.) to be a member of our community and work together on common interests, as well as things our elected officials ran on, to be successful. He cited the DRI as one example, stating that he was excited for the City and is looking forward to working with us throughout the process.

CARRIE BUCHANAN-(6131 Williams St., Munnsville)

Ms. Buchanan stated that she stands with Mr. Cornell with the request to form an Advisory Board and the importance of communication, noting that it was essential to be strong and preventative. She stated that Mr. Cornell is responsible and ethical and has invested in the community. She addressed potential revenue and said that these are the type of people we want in this business and discussed various examples of the benefits of hemp. Ms. Buchanan would like to see the City work together with the business owners and give them the right to have this chance.

SUPERVISOR'S REPORT

Supervisor Mary Cavanagh provided an update from the last County Board meeting, noting the following:

- The Oneida Elks Lodge recently donated a check for \$6,000 to the Madison County Veteran's Service Agency as part of their Operation Care Drop Program which provides temporary emergency financial assistance to veterans, such as gas, heating, groceries, etc. This goes to all the residents who are veterans in Madison County. This program has been in existence since 2021.
- The County Administrator gave a review of 2021, and some of the Department Heads provided highlights as follows:
 - Reconnect Grant to provide Broadband throughout the County in 2023, which was awarded at \$10M
 - A new highway facility was built in 2021 which houses the plow trucks, etc.
 - Paving of roads-27 miles of County roads; fixed 2 bridges that were funded by New York State and 2 culvert jobs
 - Mental Health calls to the crisis line have increased, almost doubled from 800-900 to nearly 1500, and 911 calls that are not emergent being forwarded to DSS
 - The impact of the Covid Study Survey, which identified areas of need
 - The Board of Elections provided a breakdown and talked about the implementation of 30 new election laws and early voting
 - The Veterans Department gave an update of all the great work they were doing with residents
 - The Youth Bureau discussed a leadership program that would help build confidence and team building within school settings, which has already been implemented in several schools and the new Visions Program
 - The Probation Department discussed the training of officers in 2021
 - Public Health gave the latest updates on Covid, testing and vaccines-noting that Madison County was one of the highest vaccination rates in NYS
 - Personnel discussed the hiring of 75 new employees
 - The 911 Center advised that they received 92,000 calls in 2021
 - Planning talked about renovations in Canastota and hiking trails in Delphi Falls

- Solid Waste talked about the 58,000 tons of waste they processed and data collections that they must test. They also referenced an online tool using the website regarding recycling
- DSS placed 40 homeless persons in temporary shelters last year

Supervisor Matt Roberts talked about tax revenue and stated that we continue to see a surge in on-line purchasing, noting that many people are avoiding shopping in malls due to issues such as what has been happening at Destiny lately. He advised that tax revenue was up 25% in the County, which was over \$900,000, and up from last year and the year before that. He stated that there were projects that the County was going to bond for, and with this additional cash flow, they may not need to do this. This would save the taxpayers money. He also advised that they just returned from the NYS Association of Counties in Albany, and one big takeaway from this was the Climate Protection Act involving the reductions in carbon. He noted that the farmers are starting to push back against Albany, because they are starting to take all the farm land and turn it into solar farms. He stated that last year in NYS for every dollar paid into the Federal government, we got .91 cents back; this year for every dollar put in, we get \$1.25 back due to the America Rescue Plan. He advised that this money would not continue forever though and that we need to be very conservative with our spending. He mentioned that it was important to have reserve funds and to avoid things such as spending with interest. Both Supervisor Roberts and the Mayor encouraged all to spend their money in the City of Oneida and in the County-to shop local!

In response to a question from the Mayor, Supervisor Roberts elaborated on the Mental Health calls previously mentioned, stating that there was a survey showing the impact based on the data collected, caused mainly by Covid, and that they were going to start implementing plans to fix the issues. Supervisor Roberts asked that we spread the news that we have a resource in Madison County, and they are professionals. He advised that many calls are diverted from 911, which is a large and growing number.

The Mayor commented that we are very fortunate that we live in Madison County, and that the County does a great job with all products. She thanked our supervisors for all of their hard work and stated that we are very fortunate to have them representing us. The Mayor asked that they continue to provide us with information, and we would share and promote it.

Councilor Michelle Kinville	VOTING	<u>YES</u>
Councilor Bill Pagano	VOTING	<u>YES</u>

The Mayor noted that this is for a new truck that we need that we may get in 2024, as it takes a long time now with the supply chain issues to get any products. We would bond up to the stated amount, but noted that we have a vehicle that we would get credit for (\$115,000), leaving a balance of \$192,602. She advised that we have to bond up to the whole amount, but do not have to use the whole thing.
