**Item 1: Consider a Leak Adjustment for 238 Williams Street.**

January 24, 2023, a letter was sent for repairs to the meter, the bill was estimated for one quarter. April 14, 2023, a letter was sent to have repairs to the meter, the bill was estimated for two quarters. In the beginning of May the Water Department received a phone call from Maureen to have her water turned off at 238 Williams St, due to no one living there, and her son would meet us there as she was in Arkansas. The appt was made for May 19, 2023. The June bills were mailed out on May 31, 2023, and her bill was \$5,555.44 and now with penalties the bill is \$6,106.68. The next time we heard from her was when she came to the office to speak to the Water Superintendent on September 7, 2023, about her bill because she is trying to sell the house. She filled out a leak adjustment form and John explained to them that it must go in front of the Water Board, and that she can come to the meeting, but she stated she is going back to Arkansas.

**Resolved**, The Leak Adjustment Request for account 02-014001-00 was denied by the Water Board. The full amount of 6,106.68 is due by October 31, 2023

**Motioned by: Commissioner Cimpi**
