Motion Carried

Item 2: Appeal the decision of the leak adjustment for 248 Belmont Ave

They would like to appeal the decision of the leak adjustment. They state they did submit the initial leak adjustment appeal within the 5-day period via email with supporting documentation. There was no repair to be made as the “leak” does not seem to be present. They received a high consumption letter in the mail for 161 for the period of 4/27/23-7/31/23. They paid the bill of \$1,675.11 as they did not want a late fee. They stated the meter appears to be correct. As stated on the documentation “none of us can say for certain what actually happened, how can it be determined that it went in the sewer?” They had a plumber come to the house and look and they stated there was not a leak anywhere.

Resolved, not to approve the appeal for the leak adjustment for 248 Belmont Ave, as there was not a leak.
